This index was prepared by A. Roock and first published by the Chūō Academic Research Institute in *Memoirs of the Chūō Academic Research Institute*, no. 26 (1997), pp. 2-47. The Pali Text Society is grateful to them both for granting permission to reprint the index here. Since *Collected Papers* Vol. VII is being prepared for publication, it was thought it would be helpful to include references from that volume in this index.
